If doing the hiking or conservation requirements please see the Friday activity schedule and have the Scout choose the activity they need to complete. Also for all the above please refer the Scout's handbook for more information.

*If a requirement is not completed on the scheduled day and time, we will complete it the next day.

(Just because a scout is present does not mean he earns the requirement.)

All Scoutmasters, leaders, parents, etc. Are welcome to come and assist if they have expertise in a particular requirement. Any group of scouts larger than 6 must be accompanied by an adult (unless arrangements have been made with the FCT Director).

FCT Overnighter for camping requirement

The Scouts are given the opportunity to go on a “campout” within the camp on Wednesday nights. A small tent is recommended but not necessary.

Totin' Chip

If you wish to teach your scout (s) requirements at your campsite at a different time than the First Class Trail Staff please make arrangements with the FTC Director so they are not required to be present. If a scout completes a requirement(s) at your campsite, send a written note with the Scout signed by the scoutmaster documenting what he completed. Attendance for the other requirements is still required at FTC for credit.

Please remember that a review of a Scout's progress toward rank remains the responsibility of your Troop's leadership.

In order to receive maximum benefit of the First Class Trail Program, please meet with each

Scout working toward Tenderfoot, Second Class, and First Class Ranks to establish an individual advancement goal that he will achieve during camp. A list of requirements covered will be available at the end of the week.
